**Helia Singh from Assurance Finance & Business Solutions has been shortlisted for the prestigious Better Business Awards**

Helia Singh has been named a finalist for the [Mentor of The Year](#) category at the Better Business Awards 2019, one of the industry's premier events for state-based performance.

Founded in August 2006, Assurance Finance & Business solutions offers Credit Advise to the Australian community. It has particularly strong relationships with Migrants and specialises in Wealth Creation.

In partnership with NAB, The Adviser Better Business Awards recognises individual and group excellence across 16 categories. Winners from the individual categories are automatically shortlisted for the coveted Broker of the Year. In addition, Helia Singh will be in the running for the Editor's Choice Award, which recognises an individual's outstanding contribution to the broking industry.

"This past year has been a trying one for the finance industry, but the finalists in this year's Better Business Awards programme demonstrate that support and excellence is in no short supply in the mortgage and finance industry," said Annie Kane, the editor of the mortgage titles at Momentum Media.

"The calibre of finalists this year is a testament to the invaluable services that the mortgage and finance industry provides to consumers.

"Mortgage professionals continue to raise the bar, and the finalists for the Better Business Awards 2019 are all examples of the high level of professionalism of the third-party channel."

Ms Kane added: "On behalf of The Adviser and Momentum Media, I'd like to congratulate all finalists and wish them the best of luck at the Better Business Awards in 2019."

Helia Singh, Director at Assurance Finance & Business Solutions, said that she was humbled by the nomination.

"Assurance Finance & Business Solution's recognition for its excellent contribution to the Australian community reinforces the strength of the brand in connecting with the community and engaging with its customers," she said.
